Wellbeing is not just the absence of disease or illness. It is a combination of a physical, mental, emotional and social factors. Wellbeing is how you feel about yourself and your life. It's strongly linked to happiness and life satisfaction. These are some things that enhance a person's wellbeing

- Happy relationship with a partner
- Network of close friends
- Enough money
- Regular exercise
- Nutritional diet
- Sufficient sleep
- Spiritual or religious beliefs
- Fun hobbies and leisure pursuits
- Healthy self-esteem
- Optimistic outlook
- Realistic and achievable goals
- Sense of purpose and meaning
- A sense of belonging
- The ability to adapt to change
- Living in a fair and democratic society.
